

"100 MILE TRIAL" - ETHICAL CONSUMER GROUP MEETING

The Ethical Consumer Group meets second Thursday of each month to discuss aspects of living out sustainable alternatives in a consumerist culture.

The *100 Mile diet* has taken off in many places around the world, with people have experimenting with sourcing their food from within an 100 mile (160km) radius from where they live. We'll meet to discuss and prepare for how we can do this for a week's trial later in the year. Includes short movie input.

Join us for dinner 6.30 - 7.30, byo food and thoughts to share. 8pm movie & discussion. Wrap up by 10.30pm.
